Production

100% from vineyards at 940 metres in Uco Valley – Mendoza.

Tasting note

For the Sylvestra Malbec, Walter Bressia, Jnr in this case, seeks a much brighter fruit expression. A largely unoaked Malbec, from vines planted in the 1980's in the Uco Valley. The wine is hugely aromatic with violet notes. The violet characters follow through to a fine, cedary palate with bags of soft bramble and red cherry fruit.

Food Match

A big, juicy steak, churrasco de chorizo marinated with garlic, parsley and olive oil, grilled vegetables with chimichurri sauce.
