Bombo Legüero White Blend 2021

AVE125X2021

— Mendoza, Argentina

Bombo legüero is an Argentine drum traditionally made of a hollowed tree trunk, the bombo serves as a combination of bass and percussion, not just maintaining the beat, but evoking an elemental, visceral response much like this wine.

Production

Palomino, Pedro Ximenez and Torrontes grapes are harvested in the cool of the night to preserve freshness. The grapes are then co-fermented at cold temperatures to produce a crisp and aromatic white wine.

Tasting note

Our vineyards high in the Andes enjoy cool night time temperatures and snow melt from the mountains, perfect for our white wine giving floral aromas and zesty flavours of citrus , peach and apricot.

Food Match

Try this with marinated grilled chicken and vegetables, or a pasta dish with a creamy sauce.
