Production

Original scratch spirit that forms the unique base for our gin. The intensity of the flavours and aromas come from the second distillation, where the hand-selected botanicals are distilled into the gin rather than using more conventional compounding methods. Only the hearts of both distillations are used in order to achieve a ludicrously smooth finish.

Tasting note

Scratch spirit for smoothness and control, citrus botanicals for fresh and zesty flavour, and double-distilled for balance.

Food Match

This gin is designed to be appropriate for every drinking occasion – sipped over ice, classily added to a tonic, or a cocktail makers secret-weapon.

ABV:
42.00%

Case/Bottle Size:
6x 70cl

Closure:
Cork

Suitable for:
Vegan

Bottle Barcode:
5039161000234
