Production

Produced from old vine Godello fruit, selected from gobelet-trained vines over 80 years old. After fermentation the wine spends 9 months on fine lees before bottling.

Tasting note

What immediately strikes you when you taste this wine is the power and concentration that old vine Godello can create. The aromas of citrus rind, green pineapple and toast only hint at the weight and complexity that comes through on the palate. At just 13% alcohol it's rich and with fantastic texture and a lightly bitter twist on the finish that invites you back to the glass.
