Prime Cuts Red, WO Western Cape 2023

EUSAB1400V12023

Boutinot South Africa

— Western Cape, South Africa

Swartland grapes are expertly blended with passion and skill to produce wines full of flavour and character. An absolute Cape classic!

Production

This red is made from a blend of Shiraz, Petit Verdot and Cinsault grapes from the Swartland area where the powerful South African sunshine makes sure these reach their utmost ripeness. All grapes are picked by hand, softly crushed and fermented in stainless steel tanks. The result is a lively wine with a juicy, creamy finish that combines well with food or simply enjoyed on its own.

Tasting note

A blend of classic South African grape varieties - the notion of 'droë rooi' (dry red) in SA is traditional, well known and long established. In other markets, non-varietal red blends often meet with resistance but this is to miss out on some AMAZINGLY great value wines. Therefore, Prime Cuts Red captures with thoroughly appealing packaging, an absolute Cape classic. Really juicy, accessible, soft, bright red. LEKKER!! A nose of pure crushed fresh raspberries with that Swartland sandy element complete with a palate of summer berries, cream and dark spice in the finish.

Food Match

A fantastic match to a huge variety of dishes from steak and chips, bangers and mash, juicy pink sunday roast, to beef stirfry or fresh summer salads.

ABV:
13.50%

Case/Bottle Size:
6x 75cl

Closure:
Screwcap

Winemaker:
Ryno Booysen

Grape Varieties:
Blend 100%

Suitable for:
Vegan

Allergen Info:
Contains Sulphites and No Other Allergens

Bottle Barcode:
13430560006008
