Le Clos du Serres

— Languedoc, France

For us Le Clos du Serres is absolutely one of the standout properties in the Terrasses du Larzac. 15ha across 15 different plots with an incredible array of soil types. These are wines that genuinely speak to you, they are drinkable, complete and absolutely bursting with life.

Production

A blend of Syrah, Cinsault and Carignan. Clever use of concrete tronconais keeps the wine fresh and elegant.

Lovely and purple in the glass, bouncy violet notes, this is textbook extroverted Syrah.
