Bodegas Rey Fernando de Castilla

— Jerez, Spain

Gran Reserva brandy from the highly acclaimed Fernando de Castilla Sherry house.

Production

Produced in the Jerez region of Andalusia, Spain. Only alambic distillates are used for Fernando de Castilla's Gran Reserva Brandies. The distilled spirit is aged in barriques for 3 to 6 years before entering the Solera System, where it is then aged for a further decade. The exceptional Unico Gran Reserva Brandy comes from a lot of 15 barrels that were separated from the original Solera in 1972 and nothing has been drawn from this batch since . From the year 2000 onwards a limited number of bottles of this brandy are hand-bottled each year. The Unico has been aged for over 40 years in Sherry casks.

Tasting note
