# Serres & Co. Languedoc Rouge, AOP Languedoc [Organic] 2022

**FCS0132022**

*Le Clos du Serres*

*— Languedoc, France*

Our first wine from the 'Serres & Co.' range - a project focussed on finding small plots to give free rein to imagination and creativity.

## Production

Small plots from around the local villages are found through local knowledge and established friendships, most importantly though the wines have to meet the same high standards as the estate production. Grenache, Cinsault and Carignan is grown on a mixture of shale and sandstone soils and just like the estate wines there isn't a barrel in site with only concrete used for ageing, in this case for 3 months.

## Tasting note

This might not be an estate wine but it shares the same flavour profile. Supple and elegant tannin is complemented with relaxed red fruit. Not as intense or complex as some of their top end wines but you don't need a cerebral challenge every night.

## Food Match

Light and supple enough to match up tio a wide range of foods, spring lamb or grilled meats would work perfectly.

ABV:
13.00%

Case/Bottle Size:
6x 75cl

Closure:
Cork

Category:
Natural/Organic/Sustainable

Appellation:
AOP Languedoc

Winemaker:
Sebastien Fillon
