Production

Chenin is the backbone grape varietal of South Africa; it's the most profusely planted variety in our country and is closely associated to our wine-making identity. To capture the true sense of place and terroir, we've made this wine a 100% unoaked Chenin Blanc. Fermenting only in stainless steel ensures the freshness, character and liveliness of the wine is maintained. A short period ageing on lees This also adds to the lush mouthfeel and keeps the wine fresher for longer.

Tasting note

Ripe peach and tropical fruit on the nose with fresh citrus notes. Honeyed and textured on the palate with crisp acidity and hints of honeydew melon, leading to a bright, zesty finish.

Food Match

Brilliant with seafood, poultry, chargrilled vegetables.

ABV:
13.00%
