Production

The Bobal grapes are sourced from vineyards in the north-west corner of Utiel-Requena, 900 metres above sea level. The vines are organically grown using natural fertilisers and cover crops - no chemical products are used that may damage the environment.The grapes are cooled and undergo pre-ferment whole bunch maceration before temperature controlled fermentation in stainless steel.

Tasting note

Fresh raspberry aromas with delicate red berry fruit on the palate and a clean, savoury character, all balanced by mouth-watering acidity to give a fresh and crisp finish.
