Giornata Montepulciano, Paso Robles AVA 2022

GIO0402022

Giornata

— California, USA

Deep and dark in character but with a freshness aided by the Paso's soils and cooler nights.

Production

A cool fermentation is followed by a 1-3 week maceration to temper the tannins and build the wines mid palate. Native fermentation without any additions to keep the wines integrity. Minimal SO2 added.

This wine is organic though without formal certification.

Tasting note

A nose of cherry, tilled soil, cocoa powder, blackberry bramble and tar. The palate has dark plums, dates, smoke, blackberries, and a velvet texture.
