Cape Heights Chenin Blanc, WO Western Cape 2024

2021 Vintage

Boutinot South Africa

— Western Cape, South Africa

Decanter World Wine Awards Bronze 2023

A ripe, honeyed style of Chenin Blanc with approachable citrus and white peach characters. Good concentration and taut acidity make this capable of improving with some bottle age.

Production

This Chenin Blanc is sourced from vines grown on sandy loams over granite bedrock, the classic Cape soils type. No irrigation is used in the vineyards and very little crop control is needed due to the age of the vines naturally restricting yield. The wine is left on fine lees for an extended period for greater palate weight and mouthfeel.

Tasting note

This wine displays classic baked apple and zippy citrus aromas with ripe stone fruit on the palate balanced by crisp acidity. Extended lees contact gives this great value wine some real weight and character.

Food Match

A great partner to grilled fish, chicken and salads. Wonderful with Cape Malay curries, spicy mango salads and brightly flavoured pan-Asian cuisine.
