Production

When you see the word 'Solera' you'll probably think of sherry - think of sherry and you'll think of oxidation but that's not the case here. This is a blend of the '18, '19, '20 and '21, clean as a whistle and will happily age for 20-30 years.

Tasting note

Acidity and sweetness are the levers Francois gets to play with in all of his wines, with the RS a little higher here there is a big ripe apple note at the centre of the wine but any thoughts of the wine being too 'simple' dissipate with a shock of acidity and a long intense finish.

Food Match

Thai food and clean spice is the order of the day here, clever use of sweetness cleanses the palate nicely.
