JH Andresen 20 Year Old White, DOC Porto (50cl) (Gift Tin) NV

PJH017NV

— Douro, Portugal

Launched in 2010, following the success of their 10 Year Old, this takes White Port to another level. Every sip is a real symphony of flavour, with bass and high notes, melody, and all perfectly in tune. A wine that is truly well worth the wait.

Production

White port is made from indigenous white grape varieties. Fermentation is stopped with the addition of neutral grape spirit.A blend of different vintages, the '20 year' statement represents the average age of the wines that have made up this Port. It has taken this many years of oxidative ageing to make the wine, and a family history of expertise going back to the middle of the 19th Century, to know how to pull it all together.

Tasting note

Appealing amber colour with a golden rim. Bright aromas of citrus, dried fruit and nuts leads to a complex palate with honey, toasted almond and caramel - all balanced with bright acidity and a lightly spiced, bitter orange twist on the finish.Serve slightly chilled - will stay fresh in the fridge for several weeks once opened.

Food Match

Enjoy with savoury pastries or almond tart
