Production

Always blended to display a signature house style, the il Campo red marries bright fruit and fresh acidity with a richly textured, medium-weight body. Eschewing new oak or any other cellar intervention gives an ideal representation of the vintage in a food-friendly, easy-drinking style.

Tasting note

Gionata Il Campo Rosso draws on Brian and Stephie Terrizzi's Italian heritage and winemaking experience, to make a brightly fruited delicious, everyday drinking red. It's a wine with tonnes of ripe red fruit flavours, gentle spice and dried herbs. There is enough acidity to keep it fresh (and to help with food pairing), but overall it is a deliciously drinkable wine that will disappear from the table.
