# Castel del Lupo Della Quercia Pinot Nero, Oltrepò Pavese DOP [Organic] 2021

**ICL0012021**

*Castel del Lupo*

*— Lombardia, Italy*

This charcaterful Pinot captures all the vigour and character of the small plot of organically-grown 20 year old vines in the La Quercia vineyard where it is sourced.

## Production

The Pinot Noir vines are organically-grown in a combination of chalk, clay and silt soils on the rolling hills of Oltrepo Pavese. They are Guyot-trained at approximately 250m altitude, south / south-east facing. The grapes are harvested by hand and undergo careful selection. The grapes are macerated on skins for 8-10 days, then undergo malolactic fermentation in stainless steel. The wine is bottled in spring.

## Tasting note

A rich and structured style of Pinot Nero with black-fruited, spicy and complex aromas. The ripe wild plum and bramble fruit is offset by lively acidity and firm, youthful tannins. Excellent concentration and structure with a long and spicy finish.

## Food Match

A great match with cured meats and cheeses.

ABV:
13.50%

Case/Bottle Size:
6x 75cl

Closure:
Cork

Category:
Organic/Sustainable

Appellation:
Oltrepò Pavese DOP

Grape Varieties:
Pinot Nero 100%

Suitable for:
Vegan
