# In Avane Chardonnay, Toscana IGT 2022

**ISF0182022**

*San Felice*

*— Toscana, Italy*

The name is taken for the Etruscan name for this area - Avenal. This is a complex and bright Chardonnay from Tuscany, with a dash of Semillon and Sauvignon

## Production

The vines are cultivated in the limestone soils of the Vigna del Lago vineyard - limestone brings out freshness and richness in the Chardonnay grapes, which are typically harvested by hand at the start of September. They undergo maceration at 8° C, followed by fermentation -predominantly in steel, but partly in oak. A small portion of Sauvignon Blanc and Semillon (around 10%) is added to the blend to give complexity and vibrancy. The wine ages for a few months in bottle before release.

## Tasting note

Vibrant aromas of citrus and white flowers, with lightly grassy notes. The palate is rounded with stone fruit and lemon flavours, with a lifted floral fin

## Food Match

A good match for appetizers and sushi

ABV:
12.50%

Case/Bottle Size:
6x 75cl

Closure:
Cork
