Herrenhof Lamprecht Furmint from Sandstone, Vulkanland [Organic] 2021

LAM0072021

Herrenhof Lamprecht

— Styria, Austria

‘I want craftsmanship perfection in wine, without additives, in the spirit of natural wine. As it used to be – real, but with modern understanding and without esoteric swirling; Only this is wine from Herrenhof’.

Production

Known locally as 'Mosler', Gottfried plants his Furmint on sanstone and opok soils. One year in local oak adds balance.

Tasting note

Cream soda, marshmallows and grapefruit - on paper perhaps not a particularly alluring combo but trust us, it works in this wine.

Food Match

Kerala style fish curries.
