*— Trentino, Italy*

Decanter World Wine Awards Silver 2024

A great example of cool climate unoaked Chardonnay from the Dolomite foothills of northern Italy.

## Production

The grapes are sourced from the best vineyard sites on the slopes of the Adige and Lagarina Valleys from Rovere della Luna to Borghetto. Picking takes place at maximum maturity and aromatic intensity. Grapes are gently pressed prior to fermentation in stainless steel tanks controlled at 20°C. The wine is stored in refrigerated stainless tanks before bottling to retain aromatic qualities and freshness.

## Tasting note

Fragrant and elegant nose with fresh ripe pear and peach aromas. Citrus and ripe stone fruit are in abundance on the palate, rounded and textural, with a mineral intensity and crisp zesty finish.

## Food Match

Perfect with chunkier fish such as monkfish in a cream and herb sauce or try with goats cheese or Dolcelatte.
