Mas Macià Xarel-lo, DO Catalunya 2023

EBO0092023

Mas Macià

— Catalunya, Spain

Produced from low-yielding Xarel-lo bush vines from one of Catalunya's most interesting indigenous varieties.

Production

Grapes are sourced from 35ha of vines cultivated on the Can Macia estate, near the Anoia river basin, near Odena. These low-yielding bush-trained vines are well suited to the production of still wine. The old vine Xarel-lo undergoes temperature controlled fermentation, and is kept on the lees for 4 months to give added texture.

Tasting note

Aromas of ripe apple, flint and citrus fruit. The palate is bright and light-bodied, with ripe lemon acidity, stone fruit and a gently textural finish.

Food Match

Grilled white fish, chicken caesar salad or light summer dishes.

ABV:
12.00%

Case/Bottle Size:
6x 75cl

Closure:
Cork

Appellation:
DO Catalunya
