Galeam Dry Muscat, DO Alicante 2024

EMV0402024

Bodegas Murviedro

— Alicante, Spain

Refreshingly restrained dry Muscat.

Production

The Denominación de Origen Protegida Alicante, on the Eastern coast of Spain enjoys a warm climate throughout the year and the positive influences of the Mediterranean. The inland mountainous areas have a Continental climate. A selection of the best Muscat grapes are carefully picked then vinified. Cold maceration in a pneumatic press for 6-8 hours followed by fermentation with selected yeasts at 14ºC.

Tasting note

A dry style of Muscat with delicate aromas and textures. Grapey and lightly floral characters on the nose. On the palate it's bright with exotic notes of lychee and passion fruit, a clean minerality, and fresh finish.

Food Match

Perfect to accompany fish dishes, paellas, sea food and white meats. It is also an excellent aperitif.
