Imperatori Cesanese, Lazio IGP 2023

ICI0042023

Cantina Imperatori

— Lazio, Italy

What a find this is, the indigenous Cesanese somehow manages to take only the best characteristics of Pinot Noir and Grenache and leave the difficult traits behind.

Production

Fermented in stainless steel before a 12 month relax in large format Slavonian oak barrels.

Tasting note

Approachable yet far from simple, lightweight without losing character and earthy whilst retaining lashings of charm.

Food Match

The usual partners for Pinot Noir will work well here - duck, lamb... you know the drill.
