Gradis'ciutta Ribolla Gialla, Collio DOC [Organic] 2024

IGC0032024

Gradis'ciutta

— Friuli, Italy

A delicious, elegant and delicate white produced solely from the Ribolla Gialla grape, the oldest known variety in Collio

Production

The Ribolla Gialla grapes grow at 50-220 metres altitude. After harvesting the grapes undergo cryo-maceration for 24 hours, and are then softly pressed and undergo temperature-controlled fermentation in stainless steel. The wine rests on fine lees for around 6 months until bottling.

Tasting note

Fresh and delicate aromas of green apple and tea leaf with floral notes. The palate is elegant with juicy, crisp citrus acidity balancing pretty orchard fruit characters and with a notable saline finish.

Food Match

Pair with asparagus or mushroom soup, a good match for grilled fish too

ABV:
12.50%

Case/Bottle Size:
6x 75cl

Closure:
Cork

Category:
Organic/Sustainable

Appellation:
Collio DOC

Grape Varieties:
Ribolla Gialla 100%
