Fauno Blanco 2024

EMV1202024

Bodegas Murviedro

— Valencia, Spain

Fresh and zesty Spanish white - very drinkable!

Production

Grapes are sourced from Murviedro's 300 hectares of vineyard, and a further 1500 that they control in the surrounding area of Utiel-Requena. The majority part of the blend is Viura with a good splash of Sauvignon Blanc which adds character to Viura's texture. The wine undergoes temperature-controlled fermentation in stainless steel to make a fresh and easy style.

Tasting note

Lightly floral, citrus aromas. The palate is gently fruity with citrus and green apple characters, with fresh acidity on the finish.

Food Match

Enjoy with chicken and fish dishes, or a tasty paella
