Bodega Urqo El Mirador Chardonnay, Chacayes 2023

ARQ025US2023

Bodega Urqo

— Uco Valley, Argentina

Despite the raw mountain dust soil, Chacayes produces floral, bright, juicy wines.

Tim Atkin Argentina special report 2025 External 2025

Production

From the Los Chacayes area of the Uco Valley; with an average height of 1,200 masl, The soil is of alluvial origin with low fertility and good drainage. The harvest is carried out in two passes, the initial pass to gather grapes with greater acidity, and a second harvest 15 days later, to obtain fruit with greater varietal characteristics. Fermentation takes place in stainless steel tanks and a portion in 500 liter French untoasted oak barrels where it is left for at least 8 months. They then blend, filter and bottle.

Tasting note

Aromas of lemon and pear with a hint of oak in the background.
