Cape Heights Chardonnay, WO Western Cape 2024

SAB1772024

2019 Vintage

Boutinot South Africa

— Western Cape, South Africa

Decanter World Wine Awards Silver 2022

Pure unoaked Chardonnay with vibrant citrus fruit and fresh acidity from coastal vineyards.

Production

The Chardonnay grapes for this unoaked wine are sourced from long established vineyards in the Coastal Region, principally Paarl. The vines are low-trellised and the grapes are picked by hand in the early hours of the morning to retain their freshness. On arrival to the winery, grapes are chilled and the juice settled in tank prior to fermentation. A proportion of the grapes are full bunch pressed, the rest are destemmed and cold fermented. We keep the wine on its fine lees in stainless steel tanks for as long as possible prior to bottling.

Tasting note

Fresh, tangy stone fruit and pineapple on the nose. The fruit follows through on the palate with a ripe, juicy mouthfeel and crisp acidity . There is breadth and character in this wine that follows through to a refreshing finish.

Food Match

Grilled white fish and seafood, roast chicken, pasta with cream and mushrooms.
