Mal.bek Malbec Rosé, IGP Pays d'Oc 2024

FPB94892024

Boutinot France

— Languedoc, France

Less mighty but pretty in pink; the Malbec fruit shines through in this southern French rosé.

Production

Grapes were sourced from Languedoc growers (who already provide us with Malbec for red wines) with vineyards not far from the Mediterannean coast and higher up in the north west corner. The harvest was carefully timed to allow the grapes to ripen fully while still maintaining the fresh, zippy profile necessary for a rosé wine. Gentle handling in the winery and vinification in stainless steel gave us a delicate colour and fresh, fruity flavours.

Tasting note

Pretty, pink and medium bodied. A balance of delicate aromas, juicy raspberry and succulent strawberry flavours.
