Production

Casa de Vila Nova is located in the sub region of Sousa, the Vinho Verde Demarcated Region, in the North of Portugal. The vinho verde vineyards are exposed to the Atlantic Ocean winds and influence. Soils, microclimate, grape varieties and the unique characteristics of the wine culture, distinguish it from all other wine regions of the world. The grapes are harvested by hand in 20 kg boxes that are quickly transported to the winery where they are destemmed and soft pressed and temperature controlled fermentation.

Tasting note

Floral, citrus and gentle tropical aromas lead on to a palate which is deliciously off-dry with flavours of ripe melon and sherbet lemon acidity. The finish is refreshing with a classic spritz.
